SIGN UP BEFORE SEP 1

10 INSTITUTIONS OFFER A CASE

NETHERLANDS NATIONAL
IHP-HWRP COMMITTEE
PRESENTS THE CHALLENGE

YOUTH FROM 18 - 30

CLIMATE CHANGE, MIGRATION, & ME

Join the Challenge and win a day-entrance to the climate conferences COP23 or PSI

Climate Change, Migration, & Me

Research climate and migration relationships, add to global discussions, and help reaching the Water SDGs

10 different organisations ask your help to solve their case, e.g.:

What is the influence of ICT and social media on migration patterns? What are the drought policies in your country; how does the average civilian cope with it? How aware are European citizens of the effects of climate change on their water availability or flooding chances? Or add your own case.

We invite students & young professionals from all around the globe, between 18 and 30 years old, with all possible backgrounds, to join!

Look at www.ihp-hwrp.nl/youth-challenge for the contest specifications

&

to register before the 1st of September for the kick-off on September 18 in the LEF Future Centre of Rijkswaterstaat, Utrecht, the Netherlands

NETHERLANDS NATIONAL IHP-HWRP COMMITTEE

Escape Room - Escape yourself from a place affected by climate change

Receive guidance from Deltares

Join the YWP Amsterdam International Water Week **(AIWW)** Program

Meet the Dutch Climate Envoy and many other experts in this field
